Fair Welcome from 2010 Queen Elizabeth Cleman

Greetings and welcome to the 63rd annual Okanogan County Fair and Rodeo. Allow me to introduce myself. I am your 2010 Okanogan County Fair Queen Elizabeth Cleman. What a great honor it is for me to represent you at our very own Fair.

I am 17 years old and am a junior at Tonasket High School. In the future I plan on attending Washington State University to pursue a degree in agriculture mechanics. I have been a member of 4-H for the last six years, competing on horseback in various events such as stock seat equitation, bareback, barrels and poles. I am also an active member in FFA, competing in everything from apple and livestock judging to parliamentary procedures. During the past years at the fair I have shown horses and steers and have entered various things such a drawings, canned goods, and jams. Other activities I am involved in and enjoy doing include sketching, riding, playing the piano and singing for Youth Worship Band.

All of my years at the Okanogan County Fair have been memorable. I feel that every person, both young and old, benefits greatly by exhibiting at the fair or simply enjoying the displays and events. The experience will stay with you your entire life; I know it’s something I’ll never forget.

Throughout the entirety of my reign, I have participated in many parades, rodeos, and other events. The experience I received while representing OK Co. Fair, has allowed me to learn more about who I am and what I can achieve. I have met all sorts of people and have learned that through hard work and responsibility, I can do just about anything I put my mind to. Being queen has been a wonderful experience and I would like to thank you, my supporters, all my sponsors and advisor for helping me through this year.

The Okanogan County Fair is just around the corner. Exhibitors, this is your time to shine and show the county all the hard work you have put forth. And onlookers - relax and enjoy one of the best fairs yet. Everyone get ready, mark your calendar, and be sure to attend this year’s 2010 Okanogan County Fair.

4. To encourage all local manufacturers and businesses to display their product or services at the Fair.

6. To protect the exhibits and facilities from damage and to provide for the safety of the exhibitor and the general public attending the County Fair within our limited capabilities.

7. To provide a place where all people from all walks of life can gather at one time.

MARKET SALE, 3 p.m. Saturday

This is an auction where the young people sell their livestock that have been shown in the fair as market animals (to be used for commercial processing); it is a great way to show support of their hard work. The processors are contacted prior to the sale and a set price per pound is pre-arranged (floor price), the bidding starts at floor price. This is when your support is needed. This is top quality livestock. There is a tremendous amount of effort, care, and expense that the young people of our county provide

FUR AND FEATHER AUCTION, 2 p.m. Sunday

The demand for camping space during Fair time has grown to an unmanageable situation. We will try our best to fill your request. Many spaces have a history of use and it has been the Fair policy to honor prior usage. The other spaces are given on a first come first serve basis, priority being given to those outside of the Omak-Okanogan area. In the past, we have tried to accommodate every request, consequently,

overloading the sewage and electrical facilities to the point of aggravation to all. We want everyone to have a good experience at the Fair. Please don't request a spot if you don't really need it!

DEPARTMENT A

Livestock Coordinator, Monte Andrews-422-1600

LIVESTOCK EXHIBITOR-CODE OF ETHICS

Believing it is in the best interest of all breeders of all livestock to maintain a reputation of integrity and to continue to present a wholesome and progressive image in the show-ring. Fair management lists herewith those practices which are considered **unacceptable** in presenting livestock in the show ring. The use of such practices or procedures is, therefore, considered unethical in the showing of livestock at the Okanogan County Fair.

1. Misrepresenting the age of the animal for the class in which it is shown.
 2. Treating or massaging any part of the body internally or externally with an irritant, counter-irritant, or other substance to temporarily straighten a weak back or loin, or to produce unnatural animation.
 3. Minimizing the effects of cramping by feeding or injecting drugs, depressants or applying packs or using any artificial contrivance or therapeutic treatment for exempting normal exercise.
 4. Striking the animal to cause swelling in a depressed area.
 5. Surgery of any kind performed to change the natural process or growth, maturation, contour or appearance of any animal, to include teeth. Not included is removal of teats or horns, clipping and dressing of hair and trimming of hooves.
 6. Insertion of foreign material under the skin.
 7. Any attempt to change natural color of an animal, either purebred or crossbred, by changing the color or adding false hair, fleece or skin at any point, spot or area of the animal's body.
 8. The use of alcoholic beverages in the feed or administered as a drench.
 9. Administration of drugs of any kind or description, internally or externally prior to entering the show ring, except for treating a recognized disease or injury and for the tranquilizing of bulls that may otherwise be dangerous to females in heat.
 10. Balancing the udder by any abnormal means including the use of a mechanical contrivance or the injection of fluid or drugs.
 11. Treating or massaging the udder or its attachment with an irritant or counter-irritant. The use of common products such as fly spray, ointment or liniment in excess to the extent that irritation is included as an irritant unless required to reduce edema at time of calving.
- For the purpose of the rules/code of ethics, the term "drug" shall mean any substance, the sale, possession or use of which is controlled by license under federal, state or local laws or regulations and by any substance commonly used by the medical or veterinary professions. Denise Krytenberg, DVM, will judge Fit and Show and Cat Types. Okanogan Librarian Lucille Ames will judge the educational posters. Cage Decorating will be voted on by Thursday's fair goers and the fashion show is just for fun. We will not take the cats to the Parade of Champions, just the exhibitors. Exhibitors will need a harness, a small litter box and enough fresh litter to keep the cage neat, a litter box scoop, a costume for the fashion show, an idea and materials for cage decorating that can't be ruined by a bored cat. Also, feed and water dishes, a supply of cat food and an exhibitor's pass and an educational poster. It is possible a sponsor could be found for a competitor who cannot afford these things; call the barn superintendent for assistance. The Cat Barn is a great way for kids who can't have livestock to experience the responsibilities and joys of showing an animal at the fair.

VEGETABLES

DEPARTMENT B

YOUTH & ADULT

No exhibitor will be permitted to make more than one entry in any one lot unless of a different variety (exhibitor must identify variety on judges' card on the line marked "Exhibit Name".)

Suggestions for Fruit and Vegetable Exhibits

1. Fruits and vegetables are generally judged according to size, quality, color, trueness to variety, freedom from blemishes, and uniformity of size.
2. The best size to select is not the largest nor the smallest but the one which most properly represents the variety and is of the size and shape normal for the variety without irregularities in form.

3. Quality should be of the highest. Fruit and vegetables should be mature, should generally retain their stems (unless otherwise specified), and must be free from bruises and broken skin or any visible imperfection. Fruits and vegetables on each plate should be as uniform as is possible to select.
4. Color should be characteristic of the variety. Color may be brightened by polishing with a soft cloth. Prunes, plums and grapes should never be polished and on these it is best to retain all the natural bloom possible.
5. Trim tops, stems and roots as stated for the class you are entering.
6. Please give the correct name of the variety entered. Example: Tomato "Early Girl".

**EDUCATIONAL DISPLAYS
DEPARTMENT F

The Parks & Recreation Board wants to encourage and promote interesting and educational displays. Some ideas for an educational display are:

1. Print should be big enough to read from where public is standing. Try using templates, stick on letters, large print.
2. Keep it short and sweet and simple. 10 second reading rule.
3. Demonstrations are very good education. Also use handouts.
4. Educate on new crazes or trends like fleece throw tying, beaded jewelry, training.
5. Please - no long computer printouts. 3 lines are better than 6 pages.

The display gathering the highest amount of points in each of the classes 6 through 8 will receive a trophy.

1. Displays are judged on educational value (50), design (30) and originality, creativity and neatness (20).
